*The Dose of Reality for Employers Toolkit, including the course and these resource materials, has been developed to raise awareness with businesses about how to respond to the risks associated with the misuse of opioids and other drugs. The content is meant for educational purposes only and not for the purpose of providing legal advice or replacing the work needed to develop a responsible drug-free workplace policy and program. As such, it should not be used as a substitute for consultation with a legal professional or other competent advisor. If you have questions about this course or the information presented here, please reach out [help@togetherarkansas.com](mailto:help@togetherarkansas.com).*
